
Stanton Drew – Neighbourhood Plan Survey

April 2015

A background to the project

The project was developed by ragdoll to run both online and offline in the forms of a web based survey and a paper version of the survey.

All residents in the parish received a paper copy of the survey which informed them of the option to fill out the survey online.

The delivery of the surveys commenced on the 23rd of February and ran throughout March into April.

The closing date of fieldwork was the 13th of April.

All online and offline data was combined and the following slides outline the findings as a whole.

Please note that the base varies from question to question as some respondents have chosen not to provide a response to certain questions. Where there are multiple charts on one slide we show the bases from left to right (for example 234 / 20)

Response rate for the survey

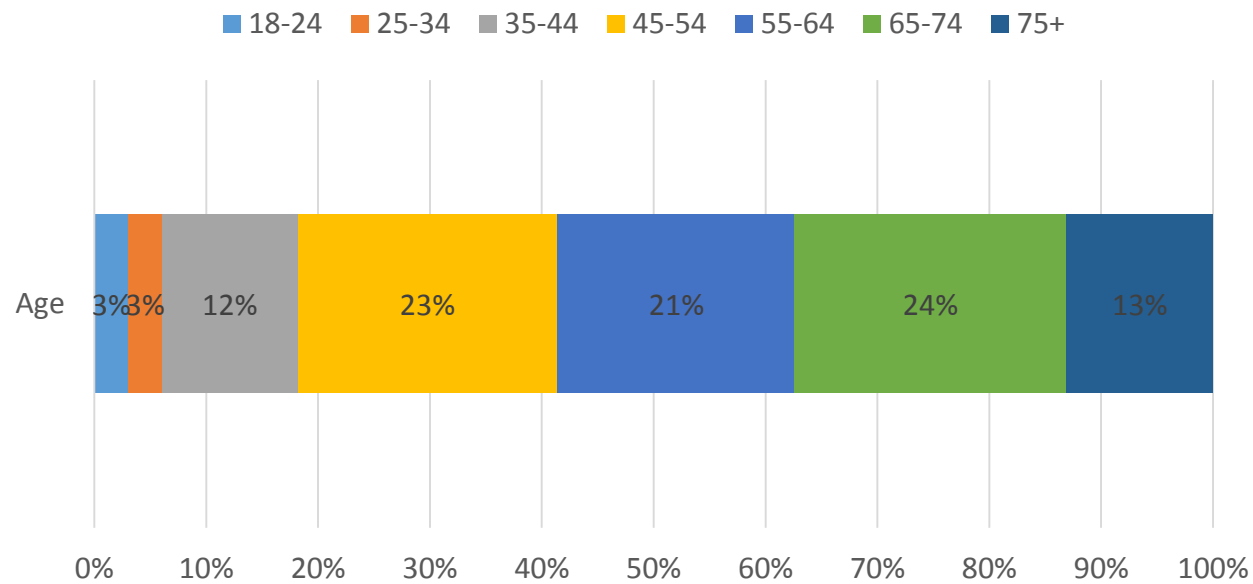

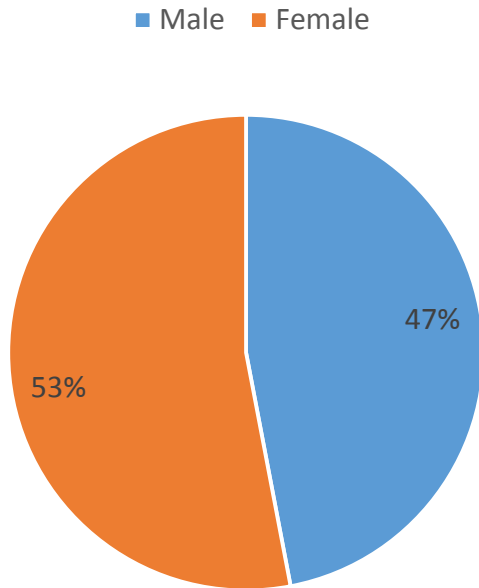

611 surveys delivered

234 completed

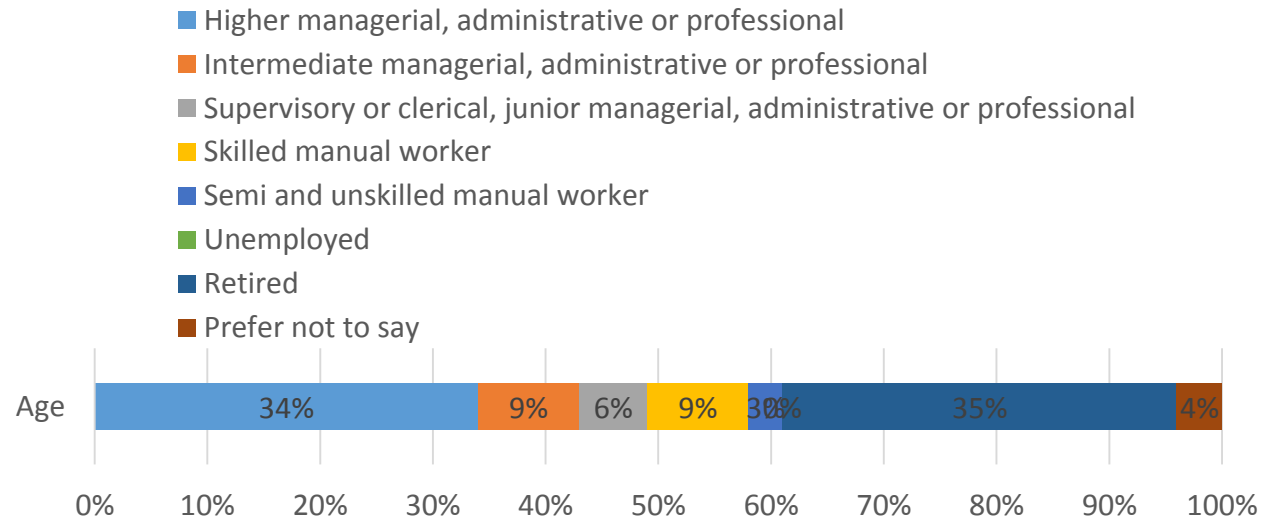

64 online completes
170 paper completes

38% Response Rate

The demographics of those who took part

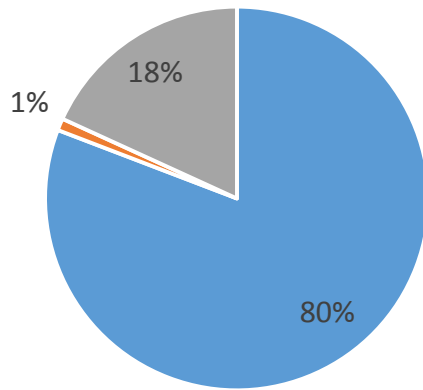

A balanced spread of gender, while 60% of the sample were 55+ and the largest proportion were retired.

Living in the parish

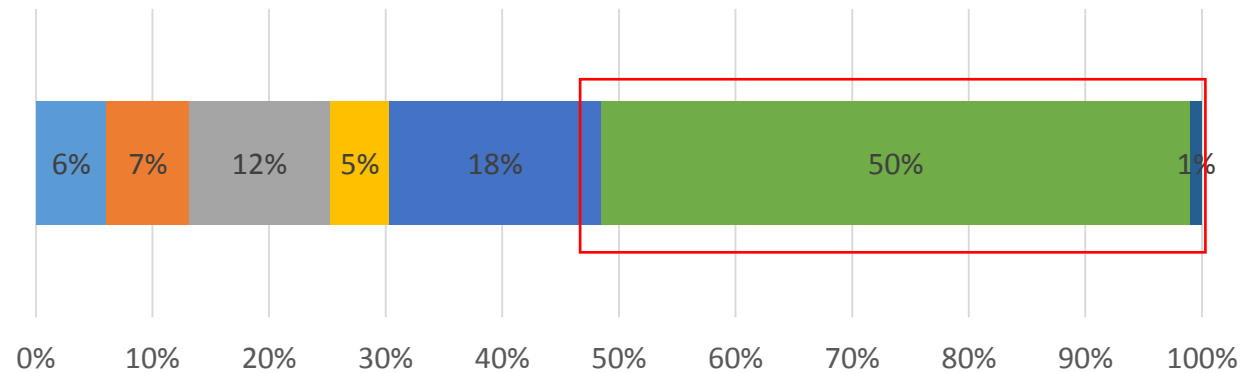

Connection with the parish?

- I live in the parish
- I work in the parish
- I live and work in the parish

How long have you lived in the parish?

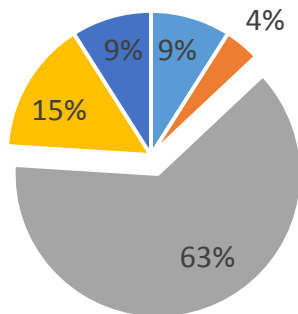

- Up to a year
- 1 - 3 years
- 3 - 6 years
- 6 - 10 years
- 10 - 20 years
- 20+ years
- I'd prefer not to say

Plans for the future

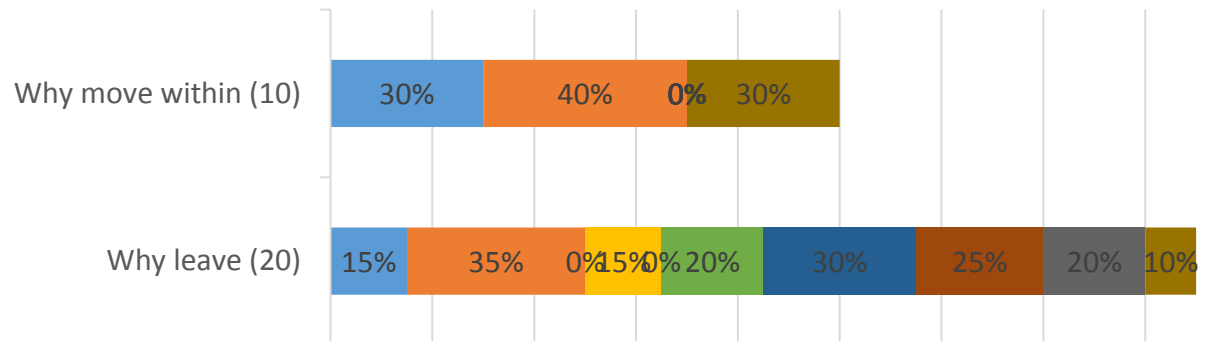

Plans to move in the next 5 years?

- Yes, out of the Parish
- Yes, within the Parish
- No
- Not sure
- No response

Why are you considering moving?
