

Stanton Drew Parish Neighbourhood Plan Neighbourhood Plan Questionnaire

This questionnaire is important to our community and will help shape its future. Please spend a little of your most valuable time in completing this document.

Answers to the questionnaire are entirely confidential and anonymous (unless you decide otherwise).

You may choose if you wish to identify yourself on the form. All responses to the questionnaire and data collected will be held in line with the Data Protection Act 1998, and the Market Research Society Code of Conduct.

Your completed questionnaire will only be seen by representatives of Ragdoll Research & Planning Limited, an independent market research agency, who are undertaking the survey on behalf of the Stanton Drew Neighbourhood Planning team.

To say thank you and encourage your participation, the name of every person completing the questionnaire will be entered into a prize draw (conducted by Ragdoll) for a Stanton Drew pub meal for two.

The questionnaire is open to every person living or working in the Parish and over the age of 12. It should take around 20 minutes to complete.

You can complete the questionnaire online by simply sending an email to viril@ragdoll-research.com to receive a link to the survey. Please remember not to complete both online and paper versions – we only need one response per person!

If you are completing this questionnaire by hand and you do not have sufficient copies for everyone in your house or business we will be happy to provide further copies. Please e-mail or call John Swift; swiftswift@tinternet.com - mobile: 07971495220

Alternatively, please place all the completed questionnaires from your household into the envelope provided and either place into boxes at the Carpenters / Druids Arms or post back to Ragdoll Research at the address of Ragdoll, 82-84 Queens Road, Clifton, Bristol, BS8 1QU.
